New EMI Ferrite Catalog

Tampa, FL — Leader Tech announces the availability of a new FerriShield Ferrite product catalog and engineer's reference guide. Available in both electronic and print formats, the catalog provides valuable insider tips and performance data for 1,000's of solid and bisected ferrite styles.

The brochure contains one of the industry's largest in-stock selections of ferrites and flexible mounting options. New color-coded pages help readers quickly find ferrites that are categorized into four frequency-specific formulations.

Printed copies of the FerriShield Ferrite catalog are now available or it can be downloaded immediately from the company's web site at www.leadertechinc.com.

About Leader Tech

Leader Tech is a world-leading innovator and manufacturer of EMI shielding products for circuit boards, electronic enclosures and interconnect cables. The company's core product offerings include standard and custom circuit board shields, beryllium copper fingerstock gaskets, conductive elastomers, advanced RF absorber materials and EMI/RFI ferrites. Leader Tech is a wholly owned subsidiary of HEICO Corporation, a successful and growing technology-driven aerospace, defense and electronics company. HEICO Corporation is a New York Stock Exchange listed company (NYSE: HEI and HEIA) and has been ranked as one of the 200 "Best Small Companies" and 200 "Hot Shot Stocks" by Forbes.
